Launched in 2012, "M/Y Nassima" is a 49-meter aluminum three decked superyachts designed by Olivier Van Meer Design and build by the Dutch shipbuilder Acico Yachts.

The spacious "M/Y Nassima" offers ample interior and exterior areas for her guests to fully relax and be pampered. The interiors, designed by Maya von Dewitz, feature an elegant neutral décor of cream soft furnishings, crisp white structures, complemented by sumptuous dark woods. Large panoramic windows allow plenty of natural light and idyllic views. On the main deck, the salon is aft and has a large seating area with a central coffee table, perfect for socializing. A unique feature is a full wall marine aquarium, between the lounge and the aft deck. A low island credenza creates an open plan living area and subtle separation from the formal dining area forward. The main deck further forward offers a well-appointed, trainer designed gym, with a generous assortment of equipment. The upper deck aboard the "M/Y Nassima" boasts the master stateroom aft of the pilothouse, complete with full beam layout, king size center lined bed, sofa, vanity, large en-suite, plus a private deck with exterior seating.

Amenities

- Aire acondicionado
