Contenta can only be described as spectacular from just about every standpoint. The huge 11,000 sq ft (1,022m²) villa, built in the Spanish Colonial style on exclusive Palm Island, has views across Biscayne Bay towards South Beach.

A private dock, floating deck, dining terrace with bar, fridge and barbecue, an enormous 130 ft heated, walk-in pool with Jacuzzi, swim-in grotto and waterfall, are just some of the garden's features. Add a regulation beach volleyball court and a gym that new fitness clubs could equal and you only just begin to appreciate the extraordinary scope of this magnificent Villa-Hotel.

From the grand piano in the lounge, through to the full-size pool table, movie theatre and bar, every possible concept in home entertainment has been embraced. Each of the six bedrooms have a distinctive theme, including a master suite with a walk-through dressing room and an enormous bathroom that features a totally open-sided shower. For all the wealth of fantasy ideas, Contenta is brilliantly accomplished, supremely comfortable and just five minutes to the action of South Beach.
